Mishka Shubaly

...nobody has ever been more articulate while face down in the gutter than MISHKA SHUBALY
--*The Tris McCall Report*

"...a gruff chronicler of fuckups and fuckovers. He smothers the bullshit out of fractured folk."
--*Village Voice*

"Most singer-songwriters have nothing on Mishka Shubaly."
--*Transform Online*

"...it's time Las Vegas discovered drunken anti-hero Mishka Shubaly, who writes lines like 'God, you're so beautiful, it's like you're fucking deformed.'
--*Las Vegas Weekly*

"...brainy, smart-ass songs of disappointment and 'heartbreak and liver failure' chronicle the loser life in fresh, often hilarious fashion."
--*Westword, CO*

"Shubaly's voice ain't exactly pretty, but it's just right for his music: thickly melodic sing-along songs that yank at your heartstrings and dark furious rockers."
--*Time Out NY*

"But Shubaly's always maintained strength in the face of being a ridiculously overmatched underdog. He's created gorgeous songs that make grown men cry, that remind you of teenage heartache and totally disarm you"
--*Portland Mercury*

"Mishka Shubaly is this week's unknown that you don't want to miss. Dirty, down-and-out, hungover country rock songwriter Shubaly writes some of the best lyrical lines you've never heard, and delivers them in a gruff, only semi-musical voice while punishing a guitar for some imagined sin.
